# The improvement of gender statistics

## Works carried out within the framework of the National Strategy for the Development of Statistics for 2020 – 2025

I

- Available indicators on gender statistics and methods for their formation went through the inventory.

II

- Seminars are organized for employees of the system in cooperation with international organizations as well as in cooperation with representatives of other countries.

III

- In all sections of the web-site, a total of **more than 140** indicators related to gender statistics were posted in **3 languages, 5 different formats** (pdf, xlsx, csv, json, xml).

## Carried out works in relation to the Strategy for Achieving the Gender Equality in the Republic of Uzbekistan until 2030.

I

- A separate Division for the collection, processing and analysis of gender statistics has been established in the State Committee on Statistics.

II

- The “[gender.stat.uz](http://gender.stat.uz)” official website of the Committee has been developed in a new interpretation and put into practice.

III

- Additional new indicators have been introduced to the forms of statistical reportings, and the indicators on the official website are being updated.

# Updated "gender.stat.uz" website
