

# Fifth Meeting of the Network for the Coordination of Statistical Training in Asia and the Pacific

10 December 2019 Chiba, Japan

## Work Programme of the Network in 2020

### Procedure

Fifteenth Session of the Governing Council

2020-2024  
Strategic Plan of  
SIAP

Work  
programme and  
financial plan  
for 2020 of SIAP

Work  
Programme  
of the  
Network in  
2020

# 2020-2024 Strategic Plan of SIAP

## IV. SIAP's Commitments

### C. SIAP's Aspiration

- Excellence in Providing Training
- Excellence in Training Resources
- Strengthened Engagement with Stakeholders
- Excellence in organizational management and development

Excellence in training resources... *quality certified* resources

to having standardized materials that facilitates well-organized and coordinated training by **the Network members**

3

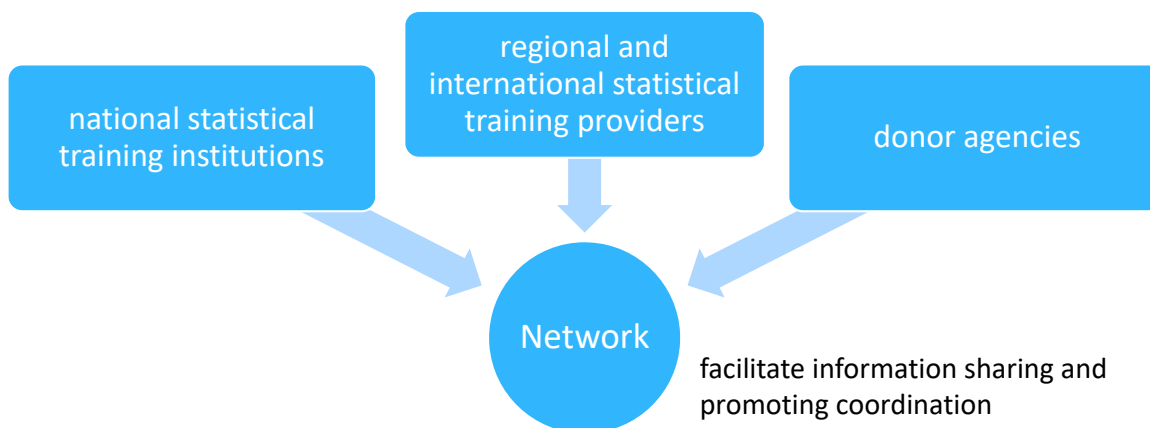

# 2020-2024 Strategic Plan of SIAP

## VI. Broader Strategic Directions

### Greater multiplier effect

Partnership with national statistical training institutions and other agencies

4

## 2020-2024 Strategic Plan of SIAP

### **Goal 2: Improved coverage and quality of national statistical systems to deliver training**

**Outcome:** Strengthened capacity of national statistical systems to provide statistical training for monitoring of SDGs

**Output:** National statistical training institutes and/ or national statistical offices have expanded coverage and quality of their training programmes

5

## 2020-2024 Strategic Plan of SIAP

### **Goal 2**

#### **Key Activities:**

1. Support conduct of sub-regional training programmes by the national training institutes in collaboration with FAO on agricultural statistics, with ESCAP Statistics Division on economic statistics, with UN Women on gender statistics and with other custodian agencies on related SDG Indicators
2. Coordinate development of training materials for delivery of training programmes with FAO, ESCAP Statistics Division, UN Women and other international organizations
3. Develop database of experts classified by statistical domains and other relevant areas
4. Conduct of training needs assessment survey

6

## 2020-2024 Strategic Plan of SIAP

### **Goal 3: Improved coverage and quality of statistical training through enhanced partnership and innovation**

**Outcome:** Enhanced coordination and partnership for statistical training

**Output:** Partnership with statistical training institutions in the region, international organizations and civil society organizations for joint training activities

7

## 2020-2024 Strategic Plan of SIAP

### **Goal 3**

#### **Key Activities:**

1. Provide secretariat support to the Network for the Coordination of Statistical Training in Asia and the Pacific
2. Organize the meetings/ discussions on the subgroups of the Network
3. Develop capacity development plan for national statistical training institutions
4. Establish partnership with academic institutions to collaborate on research-based training courses
5. Participate in and contribute to international, regional and national events on official statistics
6. Develop partnership with private sector including civil society organizations

8

# 2020-2024 Strategic Plan of SIAP

## B. Result based Framework

Achievement of the outcome and outputs of the Plan is contingent on the following major assumptions:

...

- National and international training providers are willing to pursue regional cooperation on statistical training, including:
  - Actively contributing to the work of the Network
  - Participate in certification and related processes for establishing satellite training institutions affiliated with the Network and certifying trainers and training materials

...

# 2020-2024 Strategic Plan of SIAP

Goal 2 Improved coverage and quality of national statistical systems to deliver training		
Output	Key Activities	Indicators
National training institutes have expanded coverage and quality of their training programmes	1. Support conduct of sub regional training programmes by the national training institutes in collaboration with FAO, ESCAP Statistics Division and UN Women on <ul style="list-style-type: none"> <li>I. Agriculture statistics</li> <li>II. Economic statistics</li> <li>III. Gender statistics</li> </ul> (Topics to be covered shall be diversified depending on availability of partner organization.) 2. Coordinate development of training materials for delivery of training programmes with FAO, ESCAP Statistics Division and UN Women	(i) Number of sub-regional training programmes conducted by national training institutions (ii) Number of topics on which materials developed by SIAP used for sub-regional training conducted by national training institutes

## 2020-2024 Strategic Plan of SIAP

Goal 2 Improved coverage and quality of national statistical systems to deliver training		
Output	Key Activities	Indicators
National training institutes have expanded coverage and quality of their training programmes	<ol style="list-style-type: none"> <li>3. Coordinate development of training materials for delivery of training programmes with FAO, ESCAP Statistics Division and UN Women</li> <li>4. Develop database of experts classified by statistical domains and other relevant areas for delivery of training in areas where expertise not available in countries</li> <li>5. Conduct of training needs assessment survey with the assistance of members of the Network for the Coordination of Statistical Training at sub-regional level</li> </ol>	<ol style="list-style-type: none"> <li>(i) Number of sub-regional training programmes conducted by national training institutions</li> <li>(ii) Number of topics on which materials developed by SIAP used for sub-regional training conducted by national training institutes</li> </ol>

11

## 2020-2024 Strategic Plan of SIAP

Goal 3 Improved coverage and quality of statistical training in Asia and the Pacific		
Outputs	Key Activities	Indicators
Partnership with Statistical training institutions in the region, international organizations and civil society organizations for joint training activities	<ol style="list-style-type: none"> <li>1. Provide secretariat support to the Network for the Coordination of Statistical Training in Asia and the Pacific</li> <li>2. Organize the meetings/ discussions on the subgroups of the Network</li> <li>3. Develop capacity development plan for national statistical training institutions through the Network for the Coordination of Statistical Training in Asia and the Pacific and support its implementation</li> </ol>	<ul style="list-style-type: none"> <li>• Number of training programmes organized jointly</li> <li>• Number of events SIAP was represented</li> </ul>

12

# 2020-2024 Strategic Plan of SIAP

Goal 3 Improved coverage and quality of statistical training in Asia and the Pacific		
Outputs	Key Activities	Indicators
Partnership with Statistical training institutions in the region, international organizations and civil society organizations for joint training activities	<p>4. Establish partnership with academic institutions to collaborate on various training programmes, specially research-based training programmes</p> <p>5. Participate in and contribute to international, regional and national events on official statistics including IAEG-SDGs meetings/ working groups</p> <p>6. Develop partnership with private sector including civil society organizations to promote statistical training</p>	<ul style="list-style-type: none"> <li>Number of training programmes organized jointly</li> <li>Number of events SIAP was represented</li> </ul>

## Work Programme and Financial Plan for 2020 of SIAP

**(2) National training institutes have expanded coverage and quality of their training programmes (in US dollars)**

Activities	1 <sup>st</sup> half	2 <sup>nd</sup> half	Estimated cost to SIAP	Estimated gap	Partners (in-kind) (tbc)
1. Development of training material on economic statistics	x	x	-	-	ESCAP-SD
2. Development of training material on gender statistics	x	x	-	-	UN Women
3. Development of database of experts	x	x	-	-	
4. Support for participation of staff of national statistical offices in international and regional events	x	x	50,000	-	

14

# Work Programme and Financial Plan for 2020 of SIAP

**(3) Partnership with statistical training institutions in the region, international organizations and civil society organizations for joint training activities. (in US dollars)**

Activities	1 <sup>st</sup> half	2 <sup>nd</sup> half	Estimated cost to SIAP	Estimated gap	Partners (in-kind) (tbc)
1. Meetings of Network for the Coordination of Statistical Training in Asia and the Pacific Region	-	x	-	-	in conjunction with other events
2. Participation in IAEG-SDGs meetings/ meetings of subgroups to stay informed of development of Tier 2 and 3 indicators and participate in development process for development of training material	x	x	50,000	-
