

# Support to the implementation of the 2025 System of National Accounts

# Strategic Plan 2025-2029 of SIAP

## *Goals, Outcomes and Activities*

### **Goal 1:**

Enhance the relevance, quality, and effectiveness of statistical training to improve statistical capacities of ESCAP members and associate member states for improved availability and quality of official statistics for SDG monitoring in the region.

### **Outcome:**

Enhanced statistical capacity in member states i.e., increased skills and knowledge among Government officials to produce, process and disseminate official statistics.

### **Key activities:**

Long term training course – Face to face 3.5 months:

- Theory and Practice of Official Statistics

Short-term training programs, workshops, webinars:

- Courses on economic statistics related to the System of National Accounts
  - Supply and use tables
  - Labor statistics, informality, informal economy
  - Well-being
  - International accounts
  - Thematic/extended accounts
