

Session 5: Integrating a gender perspective into census thematic analysis on youth

Be SMART!

Discussion points:

1. *Identify a gender issue in employment, education, migration, or reproductive health, define a **policy objective**, prioritize list of **activities** (differentiate local vs national issues)*
2. *Define criteria for M&E (**input, process, output, outcome, impact**) and describe data requirements*
3. *Discuss **availability, data gaps** and propose strategies for improvement*

Use flipcharts/card and be prepared for a 10 min presentation
